of Transportation

**Federal Aviation  
Administration**

800 Independence Ave., S.W.  
Washington, D.C. 20591

Plan Number: E-NE-00102-U  
[D-GL-041]

AUG 04 1994

Ms. Victoria L. Cappelle  
Jet Air Corporation  
1921 Airport Dr. Austin Straubel Field  
Green Bay, WI 54313

Dear Ms. Cappelle:

This is to inform you that your enclosed antidrug plan has been approved by the Federal Aviation Administration (FAA). Under the terms of this approval, you are authorized to begin testing covered employees immediately.

This approval is contingent on your continuing association with the Gregory & Howe, Inc., Aviation Consortium as specified in your plan. Should you terminate your consortium membership, you must notify the FAA and submit an alternative plan for meeting the requirements of the antidrug regulations. You are reminded that, even though you have contracted with an FAA-approved consortium to assist you with this program, you are responsible for complying with all aspects of the FAA antidrug regulation.

The antidrug regulation (amended December 23, 1993) requires that you collect and maintain statistical antidrug program data identified on enclosed Appendix I to Part 121. You may also be required to submit annual reports (by March 15 each year) to the FAA summarizing your drug testing results. A copy of the report format and instructions for completing it will be sent to you in the near future in time for preparing annual reports.

Sincerely,

  
William R. McAndrew  
Manager, Drug Abatement Division  
Office of Aviation Medicine
